PROFILE

I am a final-year B.Tech CSE student specializing in Full Stack Web Development. As a fresh intern, I aim to gain hands-on experience in Web-Development while applying my technical, analytical, and creative skills. My career objective is to obtain a responsible and challenging position in a reputed organization that allows me to apply my technical, analytical, and creative skills while continuously learning and contributing to the growth of the organization as well as my personal development.

MY PROJECTS

AI CHATBOT

Technologies Used - Tailwind CSS, Next.js, Shadcn, Node.js

- Developed an AI-powered chatbot using Node.js, Next.js, and TypeScript with ShadcnUI for interface design.

TUITORA (**Tution Consultancy Platform**) - **Ongoing**

Technologies Used - Tailwind CSS, Next.js, Shadcn, Node.js, MongoDB, Google Cloud

- Developed a tuition consultancy platform using Node.js, Next.js, and TypeScript with Shadcn UI for a modern and responsive interface design.
